

SCENIC FUN RIDES

economical parking lot transportation systems

Doppelmayr CTEC's High Wires are exhilarating, yet unintimidating rides offering scenic, as well as, relaxing modes of transportation from one end of your park to another. The entire family will enjoy the spectacular aerial view from up to 50 feet (15 m) above the ground. Their overall park experience is more enjoyable because they are able to avoid the long walk when they leave for home.

SCENIC FUN RIDES

Features and Specifications

System Features

- High visibility
